The **R-IL PB BK DI8 DO4/EFPAC** is a part of the **R-IL PROFIBUS Bus Couplers Series** by **Bosch Rexroth Indramat**.

Specifications

Diagnostic And Error Reporting:	System diagnostic and status reporting capabilities. Features like overload protection and delay specifications. General operating environment and physical properties.	Digital Input Electrical Characteristics:	Nominal voltage and protection details for inputs.	Digital Inputs:	8 digital inputs with standard input parameters.
Digital Output Electrical Characteristics:		Digital Outputs:	4 digital outputs with nominal parameters.	Emc And Conformance:	Compliance details for noise immunity and emission.
General Data:		Input Signal Timing:	Typical signal delay times for inputs.	Local Bus Data Transmission:	Data transmission specifications for local bus integration.
Output Signal Timing:	Signal delay details for outputs.	Physical Dimensions:	Dimensions specified for installation and compatibility.	Power Consumption Details:	Current and power details for electronic consumption.
Power Supply:	Defined power supply requirements.	Profibus Interface:	Detailed interface description for connectivity.	System Limits:	Station and data management limits.
