Warranty

The **ENDAT-AKM-015M-MCS-DCA-28-NA** is a part of the **Kollmorgen Servo Cables Series** by **Kollmorgen**.

## Specifications

|                                                   |                                      |                               |                                                 |                                                 |                                                  |
|---------------------------------------------------|--------------------------------------|-------------------------------|-------------------------------------------------|-------------------------------------------------|--------------------------------------------------|
| <b>Command Input:</b>                             | Analog velocity or torque, 0 to +10V | <b>Configuration Inputs:</b>  | 8 optically isolated 24V DC inputs, active high | <b>General Purpose Outputs:</b>                 | 4 optically isolated 24V DC outputs, active high |
| <b>Guaranteed Off Voltage:</b>                    | 5V DC                                | <b>Guaranteed On Voltage:</b> | 15V DC                                          | <b>Input Frequency:</b>                         | 47 <sup>SFR</sup> 63 Hz                          |
| <b>Input Voltage:</b>                             | 24V DC nominal, max 30V DC           | <b>Maximum Cable Length:</b>  | 82.5 ft (25 m) with CAT5 or better              | <b>Maximum Current Per Output:</b>              | 50 mA per output                                 |
| <b>Output Frequency:</b>                          | 0 <sup>SFR</sup> 450 Hz              | <b>Temperature Range:</b>     | Operating 7°C to 50°C, Storage -30°C to 70°C    | <b>Vibration Limit (10<sup>SFR</sup>57 Hz):</b> | 0.15 mm amplitude                                |
| <b>Vibration Limit (57<sup>SFR</sup>2000 Hz):</b> | 2 g acceleration                     | <b>Last Verified:</b>         | 05/08/2025 2:55 AM                              |                                                 |                                                  |
