The **E4809-436-091-B** is a part of the **E4809 CNC Boards Series** by **Okuma**.

Specifications

Automation Ready:	Compatible with ATC and automated loading/unloading	Axes Configuration:	Multi-axis capability for simultaneous machining	Build Quality:	Durable construction for long-term reliability
Carriage & Cross Slide:	High repeatability under heavy cutting forces	Control Interface:	User-friendly CNC interface with diagnostics	Control System:	Advanced IO-integrated control system
Coolant System:	High-pressure coolant for efficient chip removal	Frame Construction:	Rigid frame providing high dynamic stability	Machine Type:	OKUMA CNC machining center (turning/milling/drilling)
Precision:	High machining precision (tight tolerances)	Spindle Power:	High-performance spindle with robust output	Spindle Speed Range:	Variable spindle speed for diverse machining
Tool Capacity:	Multi-tool turret supporting multi-axis machining	Last Verified:	06/04/2025 10:10 AM
